Pumpkin Project

The pumpkin project varies slightly for grades 1-2, 3, 4, and 5.

1st and 2nd grades: Select your favorite book and create your pumpkin to look like a character in it. Complete the book report paper to go with it.

3rd grade: Your pumpkin will be decorated as a character from one of the fairy tales we studied. You will write or type a colorful description of your character to go along with it. Use the *Character to a T* form for the character study.

4th grade: Your pumpkin will be decorated as your missing person. Include a 5*7 index card with your case number and missing person's name on it.

5th grade: Your pumpkin will be decorated as the person you chose for your biography. You will include the biography sheet that was handed to you in class.

Pumpkin Rules

Pumpkins may be no bigger than your head. Please do not get a 'porch pumpkin,' which is a pumpkin you may need help carrying. If you cannot carry it yourself, it is too big. The pumpkin should be about the size of one you get on a hayride.
